From the desk of Fr. Sudhakar— **“But that is impossible, my dear child!”** There is a very old and much-repeated story about St. Augustine, one of the intellectual giants of the Church. He was walking by the seashore one day, attempting to conceive of an intelligible explanation for the mystery of the Trinity. As he walked along, he saw a small boy on the beach, pouring seawater from a shell into a small hole in the sand. “What are you doing, my child?” asked Augustine. “I am emptying the sea into this hole,” the boy answered with an innocent smile. “But that is impossible, my dear child,” said Augustine. The boy stood up, looked straight into the eyes of Augustine and replied, “What you are trying to do – comprehend the immensity of God with your small head – is even more impossible.” Then he vanished. The child was an angel sent by God to teach Augustine a lesson. Later, Augustine wrote: “You see the Trinity, if you see love.” According to him, the Father is the lover, the Son is the loved one and the Holy Spirit is the personification of the very act of loving. This means that we can understand something of the Mystery of the Holy Trinity more readily with the believing heart than with our feeble mind. **Evagrius of Pontus**, a Greek monk of the 4th century who came from what is now Turkey in Asia and later lived out his vocation in Egypt, said: “God cannot be grasped by the mind. If God could be grasped, God would not be God.” --

There are more details to come! **However, spots for this trip may be limited so please let me know as soon as possible if your student would be interested in going!** Both middle school and high school students can participate in this!
- **From the desk of Jami Snyder:** Each person has a unique call and desire to make a difference in the world. When most people think of this call, they tend to believe the difference they make has to be a big, grand gesture that changes the course of humanity. Even if we are able to do that someday, this may not be what God is asking of us right now. No matter what season of life we are in, God wants us to make a difference in the lives of those closest to us through loving them in little, everyday moments. In fact, Mother Teresa, a literal Saint who kissed lepers, picked maggots out of people's wounds, and created institutions to take care of the sick and dying, had the simplest answer to how each of us can make a difference. She said, "If you want to change the world, go home and love your family." It seems simple, but we all know that this task is easier said than done. Fulfilling this task may look like spending time with your siblings (even though they are being super annoying) or helping your parents with chores around the house (without having to be asked and without complaining). No matter how you choose to love your family this week, remember that through these little acts of love you are making a profound impact by answering God's call to make a difference in the world.
